

BST DISPO LITE SAFETY KNIFE

METAL DETECTABLE, DISPOSABLE SAFETY KNIFE

PAGE 1 of 1

Product Specifications

KN571212MB | Revised February 2015

Product Name:	Dispo Lite
Product Prefix:	KN571212MB
Product Colour:	Blue
Product Description:	The Dispo lite is a heavy duty disposable safety knife, made from ultra tough detectable polypropylene with a 64Kg breaking force. This robust, detectable knife features an enclosed cutting blade suitable for shrink wrap, strapping and bag opening. On the reverse of the knife is a non sharp tape cutter, suitable for cutting through packaging tape.
Product Material(s):	Metal Detectable Polypropylene & Stainless Steel Blades.
Pack Size:	Pack of 10
Product Advantages:	<ul style="list-style-type: none">✓ Can be detected by conventional in line metal detection systems✓ Simple design minimises any potential 'germ traps'✓ Can be used for a variety of applications within hygiene critical processing environments✓ Concealed blade minimises the risk of injury and drawing blood✓ Displays a use of all due diligence in the prevention of foreign body contamination

Metal Detectability

The material of the Dispo Lite Safety Knife is intended to be detected by metal detection systems. Detectability performance will vary based on, but not limited to the following factors:

- Detector Calibration Levels
- Food Product Type (E.g. Wet, Dry, Frozen, Liquid)
- Aperture Dimensions
- Contaminant Orientation

For this reason BST recommend that all our products be thoroughly tested on your metal detection systems by a trained and certified professional. It may be the case that your equipment needs to be recalibrated in order to reliably detect this product and its fragments. Such a professional should be available by contacting the manufacturer of your metal detection system.
