

# BST DETECTABLE GLASSES CORD

SILICONE GLASSES CORD | FOR USE IN THE FOOD INDUSTRY

PAGE 1 of 2

## Product Specifications

Revised August 2015

**Product Name:** BST Detectable Glasses Cord

**Product Code:** PE1GCMB

**Product Description:** A lightweight and comfortable push-on silicone cord for your spectacles. This circular cord will ensure your eyeglasses are held safely around your neck.

These fully metal detectable silicone glasses cords are manufactured using soft, flexible, silicone rubber containing an evenly dispersed metal detectable additive with a stainless steel clip. The cord is flexible and will push on to most spectacles with ease, once on you can secure with the adjustable metal spring.

**Pack Size:** 5 Pairs

**Pack Weight:** 0.01 Kg

**Cord length:** 710mm

**Product Colour:** Blue

**Product Material:** Silicone containing a metal detectable additive and stainless steel clip

**Product Advantages:**

- ✓ Detectable by conventional metal detection systems
- ✓ Highly visible bright blue colour for easy visual identification
- ✓ Displays all due diligence in preventing foreign body contamination
- ✓ Can be used to form part of HACCP and BRC procedures

SILICONE GLASSES CORD | FOR USE IN THE FOOD INDUSTRY

PAGE 2 of 2

- Fitting Instructions:** Grasp the stem of the cord and push onto the arm of the glasses until a secure, comfortable position is obtained.
- Detectability:** The cord is manufactured from metal detectable silicone rubber with a stainless steel clip. These glasses cords are detectable by conventional metal detection systems.
- The following factors can have considerable effects on detectability:
- Aperture dimensions
  - Contaminant orientation
  - Product Type (Wet / Dry / Frozen / Physical State)

BST recommend that all our products be thoroughly tested on your metal detection systems by a trained and certified professional. It may be the case that your equipment may need to be recalibrated in order to reliably detect this product. Such a professional should be available by contacting the manufacturer of your metal detection system.
