

BST PENGUIN 1000 SAFETY KNIFE

METAL DETECTABLE, DISPOSABLE SAFETY KNIFE

PAGE 1 of 2

Product Specifications

KN31P1 | Revised February 2015

Product Name: Penguin 1000

Product Description: The Penguin 1000 is a fully metal detectable, disposable, heavy-duty safety knife. The stainless steel blade is concealed to protect the operative, the ergonomic and ambidextrous design allows two passages for piercing and then cutting through shrink wrap, plastic strapping and packaging tape. The P1000 also features an integral stainless steel tape cutter on one side of the knife body. The body of this knife is manufactured from food safe detectable polypropylene plastic.

Product Material(s): Metal Detectable Polypropylene and Stainless Steel

Product Prefix: KN31P1

Product Colour: Blue, Red, Green, Yellow

Pack Size: Pack of 10

Product Advantages:

- ✓ Can be detected by conventional in line metal detection systems
- ✓ Simple design minimises any potential 'germ traps'
- ✓ Can be used for a variety of applications within hygiene critical processing environments
- ✓ Concealed blades minimise the risk of injury and drawing blood
- ✓ Displays a use of all due diligence in the prevention of foreign body contamination

Metal Detectability

The material of the Penguin 1000 is intended to be detected by metal detection systems. Detectability performance will vary based on, but not limited to the following factors:

- Detector Calibration Levels
- Food Product Type (E.g. Wet, Dry, Frozen, Liquid)
- Aperture Dimensions
- Contaminant Orientation

For this reason BST recommend that all our products be thoroughly tested on your metal detection systems by a trained and certified professional. It may be the case that your equipment needs to be recalibrated in order to reliably detect this product and its fragments. Such a professional should be available by contacting the manufacturer of your metal detection system.
