

# BST LANYARD CHAIN

STAINLESS STEEL LANYARD CHAIN

## Product Specifications

ST1BC23MS | Revised Nov 2014

**Product Name:** BST Stainless Steel Lanyard Chain

**Product Description:** This 316 grade stainless steel chain complete with stainless steel clasp is ideal for use with BST Detectable ID Badge Holders, safety knives, or BST Detectapens without clips. Keeping items attached to persons reduces the risk accidental product contamination and also keeps items handy.

The one metre chain length allows items to be hung around half way down the chest, but is also suitable for a variety of other applications including attaching pens to workstations.

**Product Code** ST1BC23MS

**Pack Size:** 1 Metre Chain (Complete with Stainless Steel Clasp)

**Product Colour:** Metallic

**Product Material:** 316 Grade Stainless Steel

**Product Advantages:**

- ✓ Detectable by conventional metal detection systems
- ✓ Reduces the risk of items contaminating production lines
- ✓ Keeps items such as pens, safety knives and ID badges handy

## STAINLESS STEEL LANYARD CHAIN

### **Metal Detectability**

This product is manufactured from 316 grade stainless steel, making it detectable by correctly calibrated metal detection systems as stainless steel contaminant. We recommend that your systems are capable of detecting a 2mm Stainless Steel test piece, available to purchase from BST Detectable Products.

BST recommend that all our products be thoroughly tested on your metal detection systems by a trained and certified professional. It may be the case that your equipment may need to be recalibrated in order to reliably detect this product. Such a professional should be available by contacting the manufacturer of your metal detection system.
